Sample Uganda & Rwanda Itinerary

10 DAY TRIP

Stop 1 - 2 nights in Kibale Forest

After a welcome night in Entebbe, you'll transfer to the crater-filled Kibale Forest. This area is popular for sheltering the highest concentration of primates in the world. Enjoy an exhilarating trek to find a habituated family of chimpanzees, listening for their incredible calls.

Stop 2 - 2 nights in Queen Elizabeth National Park

This savannah, surrounded by the snow-capped Rwenzori Mountains, is a haven for about 95 species of mammals, including tree climbing lions. The Kazinga channel is a 32-kilometer long natural waterway that links Lakes Edward and George and offers an astounding 600 bird species.

Stop 3 - 2 nights in Bwindi Impenetrable Forest

Bwindi Impenetrable National Park's mist-covered hillsides are blanketed by one of Uganda's oldest and most biologically diverse rainforests. It also protects an estimated 320 mountain gorillas - roughly half of the world's population. The community includes several amazing projects well worth visiting in between treks.

Stop 4 - 2 nights at Volcano National Park

Cross over into Rwanda to the Virunga mountains, which are home to 8 habituated mountain gorilla families. Your trek begins in the morning with a walk through cultivated farmland before you are guided up into the beautiful dense misty forests. Finish your journey with one night in Kigali to visit the Genocide Memorial Center.
